Office of Legislative Counsel

Wednesday - 7 January 1959

1. Delivered to Mr. Richard Arens, Counsel for House Committee on Un-American Activities, a list of names which while the Agency did not recommend them were suggested as possible leads for use by HCUA as witnesses on the subject of Communism in Latin America. Mr. Arens was very pleased to receive this and asked if we could furnish him with more precise addresses.

2. Dr. Scoville advised that Mr. George Brown on the staff of the Joint Committee on Atomic Energy had requested Agency representatives to brief the Committee at ten o'clock on 8 January in company with the Air Force on Soviet progress in nuclear powered aircraft. The request came from Representative Melvin Price as Chairman of the Subcommittee on Research and Development. Subsequently, the Committee initiated a request for a technical sweep of the rooms which was arranged by OSI with Security. Colonel Adducci of Air Force L & L was advised of the above including the fact that Dr. Scoville intended to be in direct touch with General Walsh to coordinate the matter.
